OVERVIEW: -

I am a Computer Science graduate with hands-on experience in web development and AWS cloud services. As a fresher, I've completed certifications in AWS, Machine Learning, C++, and CCNA. I am actively open to job opportunities where I can contribute, learn, and grow.

SKILLS:-

- ❖ C++, Python, JavaScript (ES6+)
- ❖ HTML, CSS, JavaScript, React.js, Node.js, Express.js, EJS, jQuery
- ❖ Dockers, Mavens, Jenkins, CICD Timeline
- ❖ AWS, EC2, Lambda, CloudFormation, Route53, Auto Scaling, IAM, Microsoft Azure, Azure VM, Azure Backup, App Service, Storage Security

EDUCATION:-

- ❖ B. tech from computer science| GGITS 8.5 | 2020-2024
- ❖ XII(CBSE) | Kendriya Vidyalaya Singrauli (M.P) 75%| 2020
- ❖ X(CBSE) | DAV Public School CWS Jayant (M.P) 8.2| 2018

INTERNSHIP: -

Virtual (Remote)| Cisco Systems

Completed the Cisco AICTE Virtual Internship Program in Programming (2023), gaining hands-on experience in Python, network configuration, and cloud security. Covered key topics such as network protocols, the shared responsibility model, and security best practices. Strengthened technical skills in infrastructure security, network design, and real-world IT problem-solving.

PROJECTS: -

AWS Scaling and Hosting Solution

In September 2024, developed a multi-tier web application using Amazon EC2 for server hosting and Amazon RDS for MySQL database management. Implemented Auto Scaling Groups (ASG) to improve scalability by 30% and ensure zero downtime during peak traffic. Utilized Amazon CloudWatch for monitoring and IAM for access control, enhancing performance, reliability, and cost efficiency.

Real-Time Messaging Web App with Dog API Integration – 2025

Built a two-way messaging web application using HTML, CSS, and JavaScript, simulating real-time chat between two users. Designed an interactive UI for seamless message exchange and integrated the Dog CEO API to send random dog images within the chat. Focused on clean DOM manipulation, event handling, and responsive layout for an engaging user experience.

ACHIEVEMENTS

Participant, Smart India Hackathon (SIH) 2020

Participant, Swiss Re Challenge
